APPRENTICESHIP

LWETB are delighted to be part of **Generation Apprenticeship** in collaboration with the *National Apprenticeship Office* and SOLAS. Apprenticeship combines learning in an education and training institution with work-based learning in a company. At least 50% of apprenticeship learning is completed in the workplace and leads to nationally recognised qualifications from Level 5 - Level 10 on the *National Framework of Qualifications*.

Apprentices 'earn while they learn' - they have an employment contract and are paid a salary for the duration of their apprenticeship training. There are 72 apprenticeships to choose from; the duration varies in length depending on the programme, lasting between two and four years.

If you are thinking of starting an apprenticeship or want to find out about what apprenticeship has to offer you, please contact us and we will advise and assist you:

POST LEAVING CERTIFICATE

Post Leaving Certificate (PLC) courses are full-time programmes for young people who have completed their Leaving Certificate, and for adults returning to education. The courses last one to two years and lead to an award on the *National Framework of Qualifications* at NFQ Level 5 or NFQ level 6.

PLC courses offer a mixture of practical work, academic work, and work experience. They develop technical and practical skills for an industry-recognised qualification. They also offer an alternative route to higher education and can give you the opportunity to try out a subject of interest to you.

If you are thinking of applying for a post leaving certificate course or want to find out more please contact:
