

## Start with Purpose. Build with Pride.

At Jones Engineering, people are at the heart of everything we do. Whether you're beginning your journey as an apprentice or stepping forward as a graduate, you'll be part of a team where careers take shape, skills are developed with purpose, and potential is supported every step of the way.

As part of our early careers programme, you'll learn from the best. You'll receive hands-on training, mentoring from experienced professionals, and opportunities to work on impactful projects. You'll be supported, challenged, and trusted to do meaningful work from day one.

Proud of the work. Proud of the people behind it.

## GRADUATE PROGRAMME

Our two-year programme combines onboarding, an Engineers Ireland Certificate in Professional Development, and hands-on training with mentoring, real project experience, and online learning to set you up for a confident start in your engineering career.
